Website

A screenshot of a website header. It features a dark background with abstract shapes in teal, red, and white. On the left, there's a vertical navigation menu with items like "Qui", "Qui", "Cus", "FOC", "SOC", "Env", "AGA", and "Fva". Below the menu is a portrait of a woman with blonde hair, identified as Tracy With, Chief Operating Officer & Partner. A small bio text above her photo reads: "considered advice using the opinions, data, and context you need to understand your pivotal next steps." At the bottom of the header is a teal horizontal bar.

A screenshot of a website page for "Communications & Research". The page has a light gray background. At the top, it features the Ystation logo and the URL "ystation.ca". Below this is a graphic of wavy black and white lines with a teal and red blob shape. The main title "Communications & Research" is centered in a large, bold, black font. To the right of the title is a yellow rectangular graphic containing a purple and red blob. At the bottom of the page is a contact card with the name "Alana Williams", title "CEO & Partner", phone number "T: 780.782.7238", email "E: alana.williams@ystation.ca", and the Ystation logo.

LOCAL WASTE

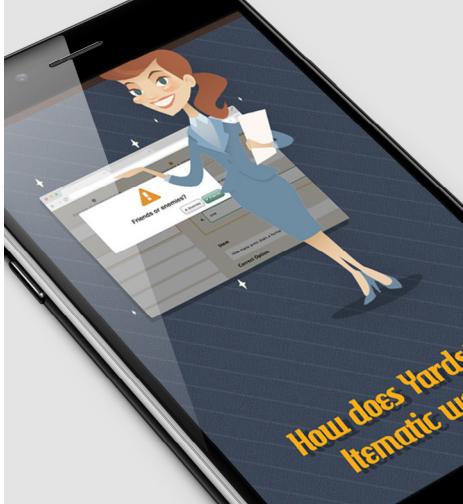

A screenshot of the Local Waste Services website. The top navigation bar includes links for "Services", "Local Waste Partners", "Our Company", "News", and "Contact". A phone number "1-877-678-9746" is listed, along with a "Request a quote" button. The main content area features a large graphic of a green waste collection truck against a city skyline. Text on the left says "Keep it local" and "Construction, commercial & residential waste & recycle collection". Below this is a section titled "Part of your neighbourhood" with a paragraph about the company's ownership model. At the bottom, there's a "What we service:" section with icons for Business & Commercial, Construction & Demolition, and Multi Family & Residential. A small image of a river and city skyline is also present. The footer contains the text "Edmonton Solid Waste Services" and "Safe, timely and professional commercial and municipal solid".

WHAT IS ITEMATIC HOW IT WORKS FEATURES REGISTER SUPPORT ABOUT YARDSTICK

Writing items for your item bank is a costly and time consuming process.

Yardstick Itematic helps you build your item bank quickly, effectively, and within budget. Based on the principles of automated item generation (AIG), Yardstick Itematic is a user-friendly web-based tool where your authors can create **hundreds of questions at a time, instead of just one.**

Yardstick Itematic is a very user friendly web-based application. It allows users to:

- Easily create question templates
- Specify sets of valid question stems
- View various combinations and permutations
- Create comprehensive lists of question options
- Generate multiple questions off one stem
- Decrease time and cost of item writing
- User-friendly interface
